### Ymgynhoriad / Consultation

Cais Rhif / Application Number - **C20/0404/22/YA**

Cyfeiriad / Address - **Tyddyn Perthi, Carmel LL54 7DP**

Bwriad / Proposal - **Hysbysiad Ymlaen Llaw i Adeiladau Sied Amaeth/Coed**

Cyngor Gwynedd wedi derbyn y canlynol gan yr ymgeisydd I gefnogi y cais -

- o *Confirmation that access to the shed will be through the field gate on the Groeslon to Carmel main road. Client has used this entrance for decades, as there is no other form of access for tractors and trailers to the field from the farmyard.*
- o *No objection to use dark green colour cladding.*
- o *The reason for the steel container is that it provides better security when storing expensive tools and my clients quad bike. My client is willing to consider increasing the size of the shed but also proposes to shelter the proposed container with the same cladding as the shed, if this would be acceptable.*
- o *The main issue is with the proposed location. There are several reasons why the shed as been proposed at this location, these being:-*
  - i) *a water main runs west to east along these field which restricts where a shed can be built.*
  - ii) *Its proposed location is between two semi mature trees*
  - iii) *Its proposed location minimises the amount of green field used as this has a bearing on Welsh Government subsidies.*
  - iv) *In its current location it can only be seen from the road. If it was sited in a more westwards location it could be seen from the village of Carmel and from the road.*
